

#Values 7: Growth | Michael Hayward - 6/26/22

One thing a child of God cannot do, is settle for “good enough.” Good enough is a form of compromise that will derail our walk of faith. Living things grow... so let’s keep growing!

God saved us and set our feet on solid ground with a living hope so we can become something more

We need to be for others what God has been for us

TALK IT OVER

Discuss these questions with someone – maybe a family member, friend, or member of your LifeGroup. Use a communication method that works best for your situation.

1. **Read 1 John 1:8-2:2.** How does/how can the mercy, grace, and hope that God has poured into your life affect how you respond to other people?
2. Pastor Mike said, “We don’t read the book to finish, we read the book to change.” Share your favorite passage with your group, or someone, and how it has changed the way you live. If you don’t have a favorite verse, **read Romans 5:8** and think about how that truth should influence your perspective on life.
3. How have you been influenced by another’s faith? Does that person inspire or encourage you? How are you able to see the truth of God alive in that person’s life?
4. **Read Romans 14:1-13.** How do we often respond to immaturity? According to this passage, what is a God-honoring response? What kind of difference would it make to be patient with people who are still growing?

Pray: Read, and take some time to pray for one another.
Memory Verse for June: Philippians 1:10
